Elimination Experiment Examine

EventID:CSET1608

Description:

This mega event will check you in totality i.e. how well you think. It will consist of 3 rounds namely, elimination, experiments and examine. We'll check your IQ, presence of mind, experimental skills and spontaneity. It's open and free for all the streams, so everyone is welcomed.

Rules:

- 1.First round will contain aptitude questions. Duration will be of 20-30 mins.
- 2.Selected students will be divided into groups to perform generic experiments in the second round.
- 3.Selected students from second round will have to play with real world problems in third round.
- 4.Rank will be decided on the basis of marks obtained in all 3 rounds.
- 5.Certificates are assured for the top 10 students.
