

# School of Electronics & Communication Engineering

## TechnoJam

EventID:ECET1606

This is a technical event in which the participants should have basic knowledge about electronics components. It will be conducted in two rounds/levels.

### **Round-1:**

The participants will be given a crossword to be solved on some technical words used in electronics and communication subject particularly. The participants who qualify this round will be promoted to the next round.

### **Round-2:**

The qualified participants will now be given a clue for finding the components which will be required to make a final circuit. The one with complete working circuit or maximum no. of components collected wins the event.

### **Rule And Regulations:**

- Maximum 3 participants per team.
- There will be only 15 teams participating in the event.
- Every round will be a timer round.
- The teams finding maximum words in the least time will be qualified for the 2<sup>nd</sup> round.
- Only 4 teams will be qualified for the 2<sup>nd</sup> round.
